

## SENATOR DICK HELD CONFERENCE WITH GOVERNOR

SAID THE TALK ABOUT HIS OPENING FORAKER HEADQUARTERS IN COLUMBUS.

## WAS ABSOLUTELY UNFOUNDED

Colored M. E. Conference at Washington Including Southern States Declares for Foraker.

Columbus, O., April 24.—Senator Dick, chairman of the Ohio Republican executive committee, held a consultation with Governor Harris this morning. The senator said the talk of his opening Foraker headquarters in Columbus was unfounded. He knew of no way of having a general primary in Ohio to decide Ohio's choice for the presidency. He expressed himself as being with Foraker in his fight on Roosevelt.

The Foraker-Dick people say Taft will not be a candidate for the presidency and that Harris will declare for Foraker's re-election to the Senate. Senator Dick expects a fight to a finish between Roosevelt and Foraker.

## THE NEGRO FOR FORAKER.

Washington, April 24.—The colored M. E. church conference, just before adjourning, nominated Senator Foraker of Ohio, as its candidate for President. The conference includes Pennsylvania, Virginia, West Virginia, Maryland, Delaware and North Carolina.

## BURTON WILL SPEAK FOR TAFT.

Washington, April 24.—Representative Burton, of Ohio, chief counsel in the Taft presidential campaign will, on Friday night, in an address before the Republican clubs of Trenton, N. J., boost the Taft boom, and put to rest the reports that the President has grown lukewarm in his attitude toward the secretary of war as his successor at the White House. The remarks of Burton will be intended to offset the avowed support which Dick has given Foraker.

Burton will insist that Foraker stand pat on his request for a primary, and cause Dick to call a primary not later than November. Burton will be chief spokesman for Taft in the Ohio campaign. Taft himself will hold aloof from the controversy. Taft will answer Foraker, but not in Ohio.

## EMERSON ACQUITTED

Columbus, O., April 24.—Lawson E. Emerson, former clerk of the Supreme court, was acquitted of the charge of embezzlement by the jury at noon Wednesday. Two more indictments are pending against Emerson.

## SCALDED TO DEATH.

Mansfield, April 24.—Wm. Taylor, night engineer at the Hicks-Brown Milling company, was scalded to death by a plug in the boiler blowing out. His body was found this morning.

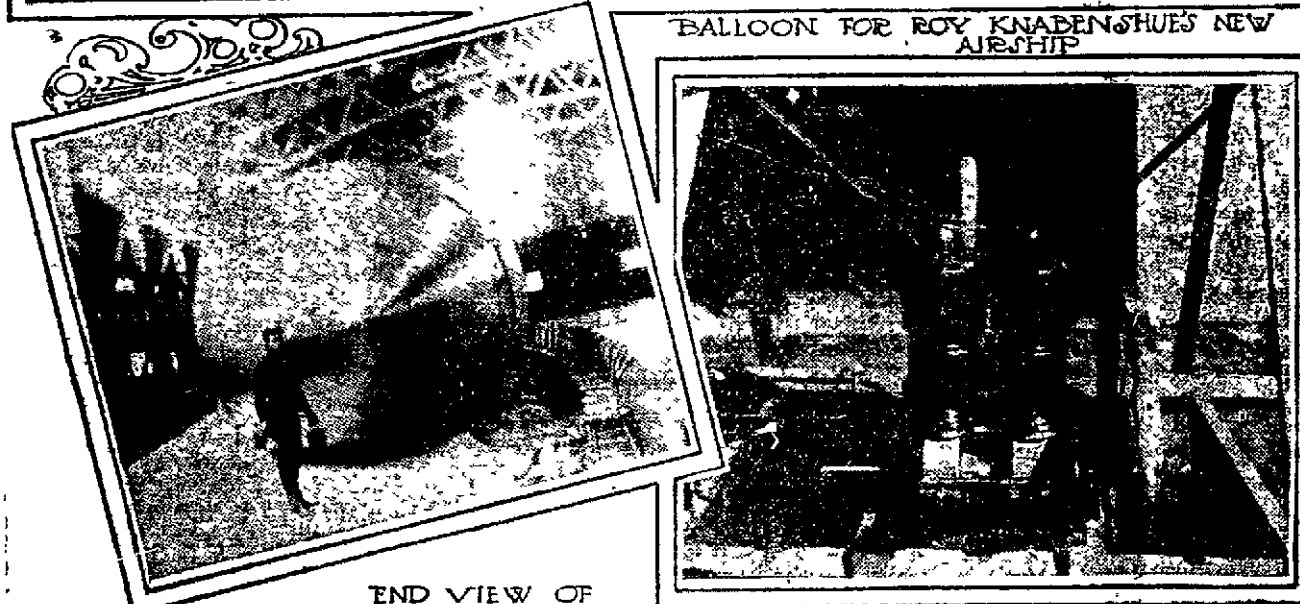

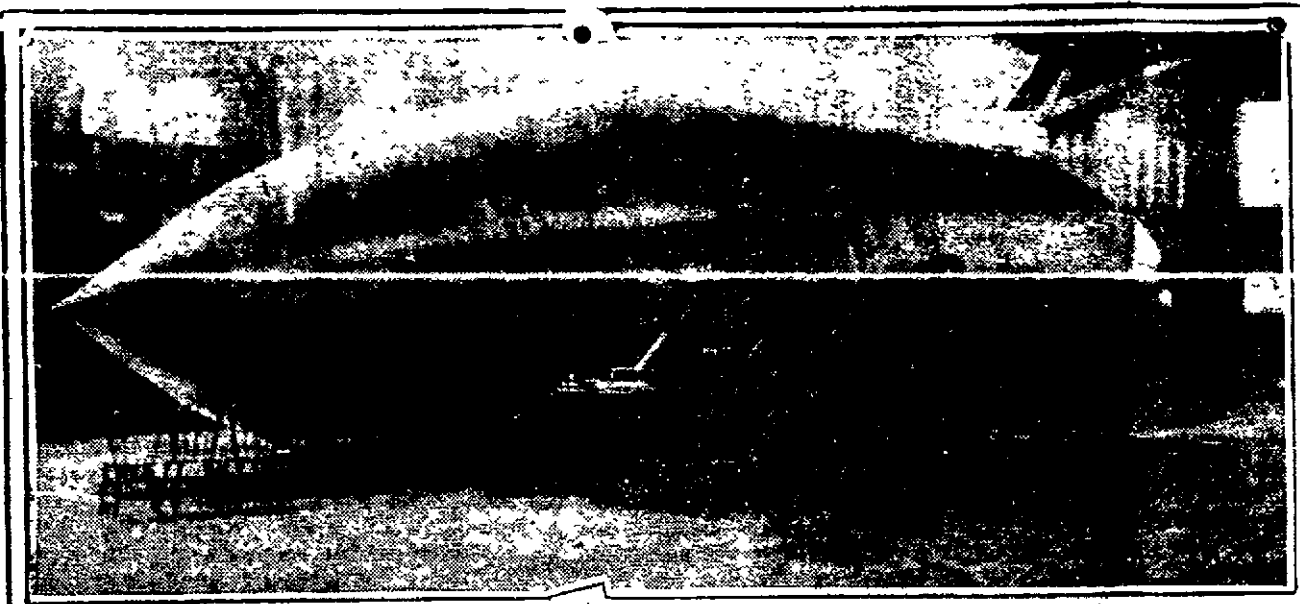

## COMMISSION HEARS COMPLAINT.

Columbus, O., April 24.—The Interstate Commerce Commission today heard a complaint against the King Valley and W. & L. E. railroads, regarding discrimination in the distribution of coal cars.

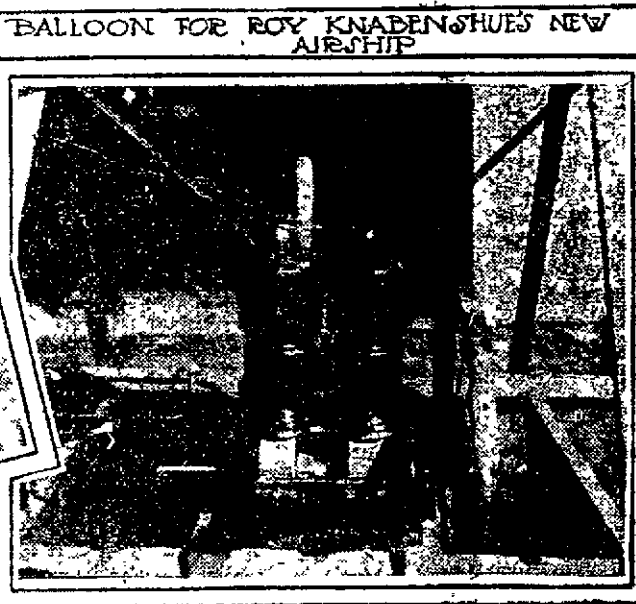

Central Labor Union of Indianapolis adopted a resolution condemning President Roosevelt for his reference to Moyer and Haywood in a letter to Congressman Sherman of New York.

Twelve persons were seriously injured and a dozen or more hurt in the wreck of a Great Northern passenger train, one mile east of Blaisdell, Minn. The wreck was caused by a broken rail.

## INVENTOR MAKES A WONDERFUL ENGINE FOR HIS AIRSHIP.

END VIEW OF BALLOON

THE MOTOR

Toledo, O., April 24.—After an entire winter's work A. Roy Knabenshue has at last succeeded in his efforts to build the most wonderful gas engine ever constructed. It is the engine which Knabenshue is using in his new airship built to carry tow or more people.

The engine is built entirely upon new and original lines and is particularly wonderful because it weighs only 54 pounds and generates by actual test from 12 to 16 horse power.

When it is remembered that the actual gas engine of that size weighs from 200 to 1000 pounds the full

extent of this creation can be realized.

Naturally enough Knabenshue is jealous of his proud achievement, and many of the details of its construction he refuses to give out.

The engine is of a two cycle pattern, and runs nicely at 100 revolutions a minute. The engine is valveless and starts nicely without fail with a half turn. It will work with any carburetor. One of the features of the engine is the spark coil, which is also a freak. The coil, instead of containing as do most coils, two windings of wire, a primary and secondary, contains six windings, the last five of which are

looped in series with a battery of condensers.

The carburetor throttle and spark timer are also inventions of Knabenshue. The oil lubricator is different from most others in that it sends the lubricant into the machine with the gas mixture.

So powerful is the engine that it required a great deal of experimenting to so fasten it in the frame of the ship that it would not tear itself away. This difficulty was finally overcome by supporting it with angle irons, braced and centerbraced, to the wooden frame of the airship, which is reinforced with steel pipe several feet either way from the engine.

## NAPHTHA LAUNCH OVER THE FALLS FOUR DROWNED

Raleigh, N. C., April 24.—Sweet over the falls, four men were drowned in Cape Fear river at Buckhorn Falls, Chatham county, 30 miles from Raleigh. The dead: Hans Thorson of St. Paul, Minn., general foreman of a construction company erecting a power plant; E. B. Brady of Monroeville, assistant foreman, and two negro laborers. The men were coming down the river in a naphtha launch, which was caught in the current and carried over the falls. The bodies have not yet been recovered. Thorson was to have been buried here next Sunday.

Foundered With All Hands. Pentwater, Mich., April 24.—The steamer Arcadia went down off Pentwater with all on board. Sixteen lives are believed to have been lost, including those of Captain May and his wife. The ship foundered in full view of the villagers, and three boats manned by citizens were within a mile of the Arcadia when she plunged beneath the waves. Mariners can assign no reason for the disaster, unless the ship struck an uncharted rock.

## E. H. HARRIMAN

WAS THE PRINCIPAL WITNESS IN THE CASE OF FRANK W. HILL.

Who is Now on Trial in New York for Selling Famous Letter for Publication.

New York, April 24.—Edward H. Harriman was the principal witness at the final hearing in the case of Frank W. Hill, Mr. Harriman's former secretary, who is charged with having sold for publication the now famous letter written by Mr. Harriman to Sidney Webster. The publication of the letter drew a heated reply from the president, in which the statements of Mr. Harriman were characterized as untrue. It is charged that Hill sold a copy of the letter which he transcribed from the original short notes. At the conclusion of the hearing Magistrate Vahle announced that he would give his decision on May 1. Mr. Harriman denied that he ever gave permission to any newspaper to publish the letter.

William Burge, a negro, was hanged at Washington city for the murder of his wife, Daisy, in January, 1903.

## STILL DEADLOCKED IN RHODE ISLAND

Providence, R. I., April 24.—At the end of the eighty-first ballot for United States senator the joint assembly of the legislature finally adjourned without electing any candidate. The eighty-first ballot stood: Goddard (Dem.), 40; Colt (Rep.), 33; Wetmore (Rep.), 30.

Prosecutor in Maybrick Case. London, April 24.—The death is announced of Judge John Edmund Wentworth Addison. He was the prosecuting counsel in famous Maybrick case.

## SPEAKER CRISP'S WIDOW IS DEAD

Americus, Ga., April 24.—Mrs. Charles F. Crisp, widow of Speaker Crisp of the national house of representatives, died at her home here, aged 59.

## IN SPECULATION

Western Banker is Alleged to Have Lost Other People's Money.

Scotland, S. D., April 24.—The affairs of the failed First National bank of Scotland, the president of which, C. C. King, was arrested in Chicago, are in an exceedingly bad condition. Of the \$100,000 of paper held by the bank it is claimed that only about \$20,000 is good. The stockholders in the institution have been assessed 100 per cent, but this will only net about \$6,000. King is alleged to have lost the funds in speculation. He was considered a plunger.

## MOYER AND HAYWOOD MUST STAND TRIAL SAYS THE PRESIDENT

Washington, April 24.—S. B. Hamer, chief of the Order of Railway Conductors in West Virginia, and R. H. Graham, attorney for the order, discussed the Moyer-Haywood case with the President today. Roosevelt demanded that Moyer and Haywood be brought to trial, just like other prisoners charged with a grave crime. The President told the labor men about the various bills favorable to their cause that he had supported. Hamer and Graham left the White House expressing their approval of the President's course.

## SIXTH DISASTER AT TOULON IN PAST FEW MONTHS

Toulon, April 24.—For the sixth time within a few months this port has been stricken by disaster from fire. A sentry at the arsenal noticed the glare of flames in a storehouse used for rope yarn. He at once gave the alarm. The fire spread with incredible rapidity. The buildings in the vicinity of the storehouse contained 200,000 pounds of material to clean machinery, 60,000 pounds of oakum, 5,000 sponges, and other inflammables. The flames were soon soaring over the arsenal wall and licking the sides of some 30 dwelling houses just outside, inhabited by 500 or 600 people. These residents fled half-clad to the street. The fire raged for 12 hours. It is reported that more than 30 men have sustained injury from falling walls and some of them are not expected to recover.

## Volcano Active.

Santiago, Chile, April 24.—Severe volcanic eruptions continue in the southern part of Chile. The town of Valdivia is covered with ashes and overhung with clouds.

## FATHER KILLS

IN VENGEANCE FOR THE RUIN OF HIS YOUNG DAUGHTER AGED NINETEEN.

Virginia Judge Was Released on Bail of \$5000 at Lynchburg on Murder Charge.

Lynchburg, Va., April 24.—Judge F. W. Loving, who shot and killed Theodore Estes at Oak Ridge, the country estate of Thomas F. Ryan, was admitted to bail in the sum of \$5,000. Charging Loving with dragging his daughter Elizabeth, 19, and assaulting her while in a drugged condition, after learning of the alleged incident from the lips of his daughter, Judge Loving drove some eight or ten miles before locating the young man, and he shot him down without waiting for the victim to explain himself. Judge Loving said: "When I heard the awful story from the lips of my dear one, I was insane. I wanted to learn all the facts, and then nothing in God's or man's power could have stopped me from taking his life. I did it after careful consideration." Miss Loving is reported to be in a very nervous condition as the result of the affair.

## TAFT'S PLANS INCLUDE TRIP TO PHILIPPINES

SECRETARY OF WAR WILL NOT ABANDON THIS TO STUMP STATE OF OHIO.

## TALKS WITH THE PRESIDENT

Besieged by Newspaper Reporters Upon His Return from Panama Gives Statement.

Washington, April 24.—Secretary Taft will not cancel his proposed trip to the Philippines in order to go on the stump in Ohio. Replying to a direct inquiry put by one of a host of newspaper men, the secretary states that it is his intention to sail for the Philippines about Sept. 1 next. This statement was made, too, after the secretary had spent nearly two hours in close conference with the president. What his plans are was not disclosed, but the secretary reiterated his statement of Monday night, that he intended to go to Ohio next Friday and would make three speeches while away from Washington, one long one at Cincinnati on the occasion of the meeting of the Western Federation of Yale Clubs; one at Dayton, at the cornerstone laying of the Young Men's Christian association, and another at Cincinnati before the Business Men's club. But the secretary added, with a smile, that none of these speeches would be in any sense political.

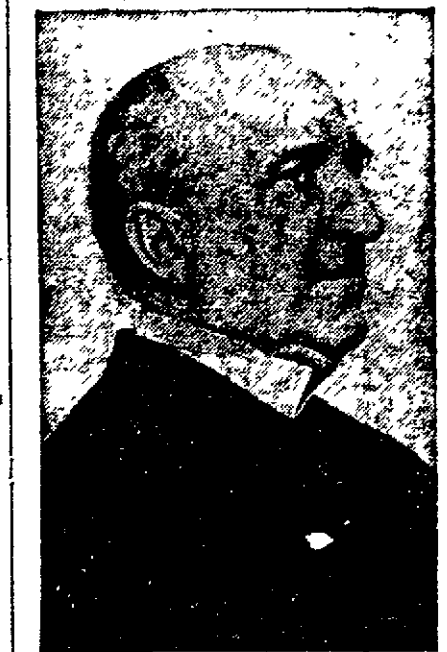

Later in the summer he expects to go to Iowa and to Minnesota, in each case to address the state universities, but the secretary did not say that these addresses would be nonpolitical. He was wanted in Oklahoma, and he said he would go if he could. He had been told that a bitter political fight was to be waged there, and that if he went into the new state he would have to enter that fight. He also was requested to go to South Dakota on purely political tour, and possibly he would make one speech at Fort Meade. Nothing, however, would probably prevent him from going to the Philippines in September.

## JACK LONDON SAILS FOR HONOLULU, B. I.

San Francisco, April 24.—Jack London's sailboat, the Snark, started for Honolulu, the first port to be touched on a six-years' cruise around the world. The vessel is 45 feet long, ketch-rigged, and its occupants besides London and his wife are H. S. Stoltz, Stanford graduate and athlete; Roscoe Eams, captain; Martin Johnson, cook, and Hileshisa Tochigi, cabin boy.

## SENATOR DEPEW IS SEVENTY THREE

New York, April 24.—Senator Chauncey M. Depew celebrated his seventy-third birthday by luncheon with the Woman's Republican association of the state of New York, which he helped to organize nine years ago. Mr. Depew congratulated the women Republicans on being part and parcel of a campaign which had begun so extensively.

dingly 15 months before the presidential convention. "The chief event of that campaign so far," he said, "has been the organization of the Society of Ananias and Sapphira, with a constantly increasing membership of influential people, but the Republican party is not a party of Ananias and Sapphira. As a party we tell the truth and live up to the truth."

Rev. Oscar J. Scott, a colored minister, formerly of Columbus, was appointed chaplain of the Twenty-fifth infantry, with the rank of captain.

## NEWARK'S LIVE ONES

FRANK T. MAURATH.

City Auditor Frank T. Maurath is one of the popular young men of this city. He has lived in Newark all his life and has long had the interests of his home town at heart. He is a member of the board of trade and so interested has he become in the work of that body that he has surrendered his keys to the board and will allow them to meet in his office at any time.

He is a prominent member of the local lodge of Elks, is a Modern Woodman, a member of the Knights of Columbus and Knights of St. John. He is business manager of the Newark Baseball company. He has for some time been president of the Newark Warehouse and Storage company.

He holds the responsible position of state treasurer of the Ohio City Auditors' association, being elected in February in Columbus. He is also secretary of the Beech Island club.

When first elected auditor, Mr. Maurath was the first man to hold several official positions. He was city auditor, clerk of council, board of health, board of safety, board of service, tax commission and secretary of the sinking fund commission.

Mr. Maurath is a son of E. J. Maurath, the well known dealer in coal and tile.

## PRESIDENT HAMMOND OF TYPEWRITER CO. WAS DECLARED INSANE

New York, April 24.—James Bartlett Hammond, 68, president of the Hammond Typewriter company, was committed to the psychopathic ward at Bellevue for observation on complaint of his brother, Thomas F. Hammond. At the hearing preliminary to the issuance of the commitment papers Dr. Carlos F. McDonald and Dr. Coley, alienists; the brother, Thomas F. Hammond, and Manager Bryce, testified that Mr. Hammond was mentally irresponsible from the effects of drugs and liquors.

## OFFICIAL PARTY LEFT COLUMBUS FOR JAMESTOWN

Columbus, O., April 24.—The Ohio official party to the Jamestown Exposition opening left Columbus in a special car Wednesday morning. In the party were Secretary of State Thompson, Auditor Guilbert, Adjutant General Critchfield, Senator Dick, State Senators Williams, Hafner, Yamb, Lawyer and West, and Representatives Egleson, Little, Yost, Metzger and Shankfield, Secretary Flickinger, members of the state board of agriculture and others. The return trip will be made Saturday.

## WIDOW ON TRIAL FOR MURDER OF RICH CAPITALIST

New York, April 24.—A jury was impaneled for the trial for murder of Anisia Louise De Massy, a widow, and in many respects the most remarkable prisoner who has occupied a cell in the Tombs. The woman is charged with having fatally shot Gustav Simon, a shirtwaist manufacturer, in his Broadway office, on Nov. 18 of last year. The state alleges that the prisoner had quarreled with Simon over compensation due her for designing done for the shirtwaist firm. The defense maintains that the shooting was done by another. There was but one witness, a salesman, and he has refused to swear positively that the accused fired the fatal shot. The woman during her incarceration has declined to discuss herself or the case, except to assert her innocence. It is reported she is a descendant of a noble French family, impoverished by the revolution.

J. G. Lowdan and O. W. Steffens charged with having misappropriated the fund of a national bank, were found guilty in the federal court at Abilene, Texas, and their punishment fixed at five years in the penitentiary.

## PRESIDENT MAKES A LONG REPLY TO LABOR UNIONS

IN WHICH HE EXPLAINS HIS RECENTLY PUBLISHED LETTER

## ABOUT HAYWOOD AND MOYER

In Which He Described Them as "Undesirable Citizens"—Synopsis of Letter.

Washington, April 24.—President Roosevelt has replied to the criticisms of his recent letter in which he referred to Moyer and Haywood, officials of the Western Federation of Miners, charged with complicity in the murder of former Governor Steunenberg of Idaho, as "undesirable citizens."

The president says in a communication to Honore Jaxon of Chicago, chairman of the Cook County Moyer-Haywood conference, that he regrets any body of men should so far forget their duty to their country as to, by formation of societies and in other ways, endeavor to influence justice and coerce court or jury; that they, not he, are trying to influence justice, and he condemns what he calls their flagrant impropriety in the matter. He says that he indicated no opinion as to their guilt of the Steunenberg murder, but that it was a simple absurdity to suppose that because a man is on trial he is free from criticism as to his manner of life. He said he might as well be accused of trying to influence the suits against Harriman, some of whose friends had also criticized him. He said Moyer, Haywood and Debs stand as representatives of those who habitually appear as guilty of incitement to or apology for bloodshed and violence. He added that he was profoundly indifferent to the condemnation of him for his criticism of the undesirable types of citizens, regardless of the power of either labor or capital. The president concludes:

"I have received many such letters as yours. Accompanying them were newspaper clippings announcing demonstrations, parades and mass meetings designed to show that the representatives of labor, without regard to the facts, demand the acquittal of Messrs. Haywood and Moyer. Such meetings can, of course, be designed only to coerce court or jury in rendering a verdict, and they therefore deserve all the condemnation which you in your letter say should be awarded to those who endeavor improperly to influence the course of justice."

"You would of course be entirely within your rights if you merely announced that you thought Messrs. Moyer and Haywood were 'desirable citizens,' though in such case I should take frank issue with you and should say, that wholly without regard to whether or not they are guilty of the crime for which they are now being tried, they represent as thoroughly undesirable a type of citizenship as can be found in this country, a type which, in the letter to which you so unreasonably take exceptions, I showed not to be confined to any one class, but to exist among some representatives of great capitalists as well as among some representatives of wage workers. I challenge as a right the support of all good Americans, whether wage-earners, or capitalists, whatever their occupation or creed, or in whatever portion of the country they live, when I condemn both the types of bad citizenship which I have held up to reprobation."

## DEPUTY SHERIFFS IN PISTOL DUEL NEITHER WAS HURT

Birmingham, Ala., April 24.—J. B. Marshall and William Reeves, deputy sheriffs, engaged in a pistol duel on the stairway of the Allen building, in which half a dozen shots were exchanged. Neither of the combatants was hurt, but Miss Lucille Gayle, stenographer for a title and guarantee company, who was passing on the sidewalk below, was shot in the leg and severely wounded. The duellists were arrested. They had quarreled over a lawsuit.

## MARVIN KIDNAPED CHILD

Dover, Del., April 24.—Frank Butler, second mate of the steamer Wilson, who was arrested on the charge of the murder of the kidnapped son of Dr. Marvin, today declared before God that he knew nothing of the whereabouts of the boy, and said he had never harmed a hair of the child's head. It is not believed that Butler killed the child, but the detectives think he knows where the child is and whether he is dead or alive. He is held pending investigation.

### BUILT BRIDGES AT THE CIRCUS

The Adam Forepaugh and Sells Brothers' show has "come again" and in spite of the frightful condition of the grounds in the afternoon and evening the excellent performance was witnessed by large crowds of people. The rain of Tuesday caused such a puddle of water to run under the canvass from the outside, near the main entrance, that half of the animal tent ground was flooded and muddy and it was necessary for temporary bridges to be built over the passage way leading from the animal tent to the main show canvass. Two or three persons were so unfortunate as to slip off the bridge where the water was nearly knee-deep. The show left here for Cambridge from where it will make points in West Virginia and Maryland.

### RAILWAY AFFAIRS

A number of B. & O. employees here will be favorably affected by the voluntary increase in wages.

The increase was effective on April 1 and will be first felt in the employees' pay envelopes on May 10 next, though the official announcement was made Wednesday from the general offices in Baltimore, Md.

It created a good deal of surprise here, but is along the line of the policy of this company. It will make an advance of many thousand dollars in the five divisions of the B. & O., which center here.

The raise is commensurate with that granted the organization of trainmen, including freight and passenger conductors, brakemen, firemen and engineers the first part of the year. It will run from \$5 to \$60 per month increase, affecting yardmasters, assistant yardmasters, car tracers, checkers, passenger clerks, yard clerks, stenographers, and in fact practically the entire force of the freight and passenger terminals.

Frank Scott of this city, has been transferred by the B. & O. to Cambridge, and is moving his family to that city. Mr. Scott formerly resided in Cambridge, and he and his wife are receiving a hearty welcome.

After the winter freight blockade, the time is rapidly approaching when the summer excursionists will be complaining of the car shortage.

#### Commutation Tickets.

The railroads are threatening to abolish commutation tickets in In-

diana, Ohio and Pennsylvania, because those states have enacted laws for two cent passenger fare. To do so will only hasten the building of more trolley lines, which will carry commuters for about one cent a mile.

#### B. & O. Flower Beds.

Peter Ott, of Mansfield, chief florist of the B. & O. railroad lines west of the Ohio river, left Tuesday for Wheeling, W. Va., to confer with the general superintendent in regard to the placing of flower beds at the principal stations along the lines as is the custom every year. Mr. Ott has been in charge of the work for a number of years, and some of the floral offerings and decorating he has done at stations has attracted wide attention.

### OFFICIAL REPORT

Of the Ohio Department of Agriculture on Condition of Crops and Wages.

The following report, computed from returns received from the official crop and live stock correspondents of the department, indicates the condition of wheat and other crops:

Wheat—Condition compared with an average 87 per cent; crop of 1906 still in producers' hands, 20 per cent.

Winter barley—Condition compared with an average, 85 per cent.

Rye—Condition compared with an average, 90 per cent.

Corn—Condition in crib compared with an average, 93 per cent; remainder unhushed during winter, 7 per cent; damage to unhushed during winter, 18 per cent; damage to fodder during winter, 22 per cent.

Snow—Weeks of protection to wheat, 4

Fruit—Buds winter killed, 13 per cent; prospects compared with an average, 83 per cent.

The present condition of the growing wheat crop, while far from being so encouraging as at this time last year, is quite satisfactory, the average for the state as a whole being estimated at 87 per cent. The report shows a wide range of percentage estimates, Shelby county being reported at 29 per cent, while in Washington county the correspondents estimate wheat conditions at 102 per cent, compared with an average.

Wheat had but little snow protection during the past winter, and in many sections of the state it has suffered severely by exposure; however, in many fields where it now appears spotted and brown, the plant has sufficiently root growth and vitality to green up nicely with favorable weather. Late sown wheat appears to have been most affected by this exposure. The unprecedented floods during the past

month have played havoc with wheat on the bottom lands, the fields being badly washed and the crop utterly ruined. This same condition exists on fields of clay soil or where improperly drained. This wheat ground will, of necessity, be abandoned and put to other crops.

Winter barley and rye are subject to the same conditions affecting wheat, their respective conditions being now 85 and 90 per cent.

The condition of corn in the crib is excellent, being estimated at 93 per cent, compared with an average. Corn fodder remaining out during the winter was seriously damaged by heavy rainfalls.

Owing to the warm weather during the past ten days fruit buds are well advanced. The estimated damage by winter killing is reported at 13 per cent; however, many correspondents report heavy frosts on the 1st instant, but make no estimate of the damage caused in this report.

Live stock, generally, wintered well and is now reported in fine condition.

The labor problem is still a serious one for farmers, and although wages have materially advanced over last year farmers are unable to secure sufficient help to properly carry on farming operations. In those localities situated in close proximity to cities it is almost impossible to secure reliable farm help.

"I have been somewhat covetous, but Dean's Regulets gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 36 Walnut Ave., Altoona, Pa.

### HERBERT S. BIGELOW ON DIRECT LEGISLATION

The Ohio Direct Legislation League is using an act of the Legislature to guarantee the Initiative and Referendum to all the cities of the State.

A measure to this effect has already passed the legislature and will come up for action in the House at the session next year. What is the Initiative and Referendum? What will it bring to the people of Ohio if adopted? What has been accomplished by it in other states? What are some of the evils under the present system? Why should every voter in Ohio be interested in this subject?

Mr. Herbert S. Bigelow, secretary of the Ohio Direct Legislation League, will present this subject at Taylor Hall next Monday night. All voters are urged to be present.

### DEATHS AND FUNERALS

#### FRANK PARCHER.

Frank Parcher, a car repairer of this city, aged 30 years, died at the City Hospital Tuesday evening at 11 o'clock after about a month's illness from typhoid pneumonia.

The deceased is survived by three sisters, Mrs. Maria Mayer, of New Washington, Sylvia Erley, of this city, Mary Ott, of New Washington, and two brothers, Percival Parcher, of Mansfield, and Elmer of Bucyrus.

The funeral service will take place at the home of Mr. George Erley, 124 Oakwood avenue, East Newark, on Thursday at 2 p. m., the services being conducted by the Rev. Mr. Tryon, pastor of the U. B. church.

#### MRS. EMMA RUTHERFORD.

Lancaster, O., April 24—The funeral service over the remains of Mrs. Emma Rutherford, mother of H. H. Scott, of Newark, will be held tonight at her late home. The body will be taken to Athens, her birthplace, for burial. Rev. Edward Hill Gelvin of the First Presbyterian church will officiate. The Lancaster Gazette last night had the following account of Mrs. Rutherford's death:

About four weeks ago Mrs. Emma Rutherford suffered an attack of malaria but no apprehension was feared until about a week ago when she was stricken with pneumonia and from that until 10 o'clock Monday evening she steadily declined, death coming to her relief at this hour. Her weary eyes closing in a peaceful sleep that will never end.

Emma Howe was born in Athens, Ohio, December 13, 1847, and was a daughter of Dr. J. F. and Hannah Howe, both deceased. She was twice wedded, first to Mr. Hervey Scott, son of Dr. Hervey Scott, one of Lancaster's most prominent citizens, at the age of 18 years, in 1865. One child, Mr. Hervey Scott, was born of the union, at present associated with the Newark American Tribune and who has the deepest sympathy of his friends in this dark hour.

Dr. Scott died October 28, 1973, and for the past 34 years deceased has made this city her home.

The second marriage was to Mr. Cyrus Rutherford in 1885, who died in 1899. Besides her devoted son, she is survived by two brothers and one sister.

#### MRS. ENSSELL'S FUNERAL.

The remains of Mrs. Mary E. Ensell, wife of Mr. James Ensell, who died at her home in Reynoldsburg, Pa., Tuesday, will arrive here Wednesday evening over the Pan Handle, at 6 o'clock, and will be taken to the

home of the mother, Mrs. Ellen Morrison, 80 Manning street, from which place the funeral will be held Thursday afternoon at 2 o'clock, the services being conducted by the Rev. Mr. Bennett. Besides the husband the deceased is survived by two brothers, William and Samuel Morrison, of this place. The interment will be in Cedar Hill cemetery. Mr. Ensell is himself seriously ill and was unable to accompany the body here.

#### CARD OF THANKS.

We wish to extend our heartfelt thanks to our friends and relatives for their kindness and sympathy during the sickness and death of our kind father. Also for the floral offerings. J. H., S. C. Redman and Lucinda Smith.

#### CARD OF THANKS.

To the citizens of Jackson town and friends of the late Isaac B. Bounds: Permit me to express my heartfelt thanks for the beautiful floral offerings which proves to me the love and respect in which he was held by you; also for the many kind expressions of sympathy. Mrs. Isaac Bounds.

### GRAVING FOR DRINK DESTROYED

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable discovery has made so many cures among our customers that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms: No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical as it costs only \$1 a box and there is no detention from the usual duties, while if cure is not effected, there is no expense whatever. Mail orders filled. The Orrine Co., Washington, D. C., or F. D. Hall, Newark, O.

### IN POLICE COURT.

George Smith and John Sweeney, two "boes" who followed the circus into town, took on a load of alcoholic beverages during the day and in the evening they made an attack on the home of Officer Ports in West Main street, and tried to burst in the door. Officers Greeley, Daerr and McClure were hurried to the home in a wagon and the two men were locked up. They had no particular spite against Officer Ports, in fact they did not know that an officer lived there. In police court they were fined \$5 and

costs each and sent to the county jail.

H. E. Wollard, a plumber, was arrested early this morning on a charge of stealing an overcoat and revolver from Fred Walls, a baggageman at the B. & O. Wollard was loafing about the room during the evening and when Walls' back was turned, Wollard took the overcoat and disappeared. Officers Abbott and Holbrook were detailed on the case and after searching half the night, found Wollard with the coat and revolver in his possession. The man pleaded guilty to the charge of theft in police court Wednesday morning and told the court that drink was responsible for the crime. He wept while pleading with the court to let him off this time. Mayor McCleery reserved sentence in the matter and will conduct an investigation before passing the sentence.

John Jackson was drunk and disorderly Tuesday afternoon at the "Fritz" saloon on West Main street at Fourth, and Officer Swank from the police station locked him up. He was fined \$5 and costs. Four plain drunks were fined and sent to the stone pile.

#### MARION BOYS ARRESTED.

Officer Callan arrested two Marion boys at the circus grounds and they will be held at the city prison until word is received from their home. The boys are Robert Byers and Emmett Knight, aged 14 and 15 years respectively. The arrest was made at 3 p. m. at the grounds, the boys enjoying themselves in spite of the down pour of rain.

Chief Sheridan received a telephone message Wednesday morning stating that the two boys ran away from the Orphans' Home at Marion. The matron, Mrs. Ed. Hand, arrived in the city about noon and will take the boys back to Marion this evening. Mrs. Hand was formerly matron in the Licking County Home.

#### PILES CURED IN 6 TO 14 DAYS.

### WILL INTEREST OLD SOLDIERS

The following letter sent out by the Auditor of the War Department contains valuable instructions to claimants to bounty under the act of March 4, 1907:

The act of March 4, 1907, applies to soldiers of the civil war only and makes no provision for the payment of any bounty other than that previously authorized by law. It does not authorize the payment of any new bounty. Nearly all soldiers, or their heirs, have already received all bounty due under existing laws. The following cases only are affected by this act:

1. Where additional bounty under the act of July 28, 1866, has been denied because it was not claimed before July 2, 1880, it may now be allowed. This bounty is not due in any case where the soldier has received more than \$100 bounty altogether for all his services, and is never allowed to any but two or three years' men. It is not payable to a soldier discharged before he has served two years to accept promotion, or for a disability other than wounds received in service and in line of duty, or to drafted men or substitutes.

2. Where a soldier receives an advance installment of the \$300 recruit bounty, or of the \$400 veteran bounty and was required to refund, or pay back \$25 of that advance installment because he was discharged by promotion, or otherwise before a service of two years as an enlisted man, said \$25 may be allowed.

This law does not apply to sailors who served in the navy only.

In all letters to this office the full name of the soldier, and each company and regiment in which he served, with the dates of enlistment and discharge as near as can be given, should be stated. If the soldier is dead the relationship of the nearest kin should also be given.

Eight years ago Norway began to put away a certain percentage of the profits coming to the state from liquor selling for an old age pension fund. This now amounts to \$2,500,000.

# Operations Avoided

Hospitals in our great cities are sad places to visit. Three-fourths of the patients lying on those snow white beds are women and girls. Why should this be the case? Because they have neglected themselves.

Every one of these patients had plenty of warning in those dragging sensations, pain at the left or right of side, nervous exhaustion, pain in the small of the back; all of which are indications of an unhealthy condition. Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the feminine system, remove the derangements which have signified themselves by danger signals, and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved many women from the hospital. Read the letters here published with the full consent of the writers, and see how they escaped operations by a faithful reliance on Mrs. Pinkham's advice and consistent treatment with

## Lydia E. Pinkham's Vegetable Compound.

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles, and can do all my own work after eight years of suffering."

Miss Rose Moore, 307 W. 26th St., New York, writes:

Dear Mrs. Pinkham:—"Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

### Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located, and helpful advice sent absolutely free.

**LYDIA E. PINKHAM'S VEGETABLE COMPOUND**, made from Native Roots and Herbs, complies with all conditions of the new Pure Food and Drugs Law, and is so guaranteed.

### CARDINAL GIBBONS

REPLIES TO CRITICISM MADE RECENTLY BY MR. PAUL SALIATIER

In Which He Takes Issue With Pope on Separation of Church and State.

New Orleans, April 24.—Cardinal Gibbons, replying to a statement by Paul Sabatier, in which M. Sabatier speaks of the cardinal as being "so proud of the separation between church and state in America," and recommends him to read the papal bulletins, "which absolutely condemn it," said: "In arguing for separation of church and state, I speak only for my own country and its conditions, although I may venture the opinion that, whatever the opinion of the French episcopate may be with regard to separation of church and state, it would be better for that country if they could enjoy the real separation of church and state as it is in this country; namely, a true separation. I am therefore unalterably attached to the separation of church and state in this country. I so expressed myself in it; favor 20 years ago; I did so later in Rome itself, and I have no hesitation in expressing the same solemn belief today."

## MORTGAGE TAXATION

During the last three years the state of New York has lived under three different laws for the taxation of mortgages. In the state of Massachusetts mortgages have been entirely exempt from taxation since 1881. Berkshire county, Massachusetts, extends from north to south the entire width of the state, and borders on Dutchess, Columbia and Rensselaer counties in the state of New York. The mortgage records for 1904 and 1905 for Berkshire county, Mass., and the statistics of the mortgage record of these counties were collected. Similar statistics were obtained from the city of Boston and the city of New York for comparison.

Prior to July 1, 1905, debts secured by mortgages on real estate were taxable in New York in the same manner as any other personal property. That is to say, that each person was liable to be assessed for all taxable personal property owned by him in excess of his debts. Although no very great effort was made in most parts of the state to assess persons who owed mortgages, the fear of taxation deterred many from lending locally on mortgage security with the result that the rate of interest on mortgages was increased by from two to six mills over what it would have been had mortgages been exempt from taxation as in Massachusetts.

In 1905 a law was passed designed to correct the gross inequality and injustice of the inclusion of mortgages as ordinary taxable property. By this law all mortgages recorded on and after July 1, 1905, were made taxable without any deduction for debt, and without regard to the residence of the owner, at the rate of one-half of one per cent per annum.

This law was opposed by those who predicted that a uniform tax on all mortgages would raise the rate of interest and the tax would thus fall wholly on borrowers. It was predicted also that the amount of money offered for loans secured by mortgage would be reduced. This is exactly what happened, as will more fully appear in the following table:

AVERAGE RATE OF INTEREST.		
July 1 to December 31.		
New York county	5.20	5.54
Kings county	5.23	5.70
Dutchess county	5.21	5.41
Columbia county	5.37	5.78
Rensselaer county	5.24	5.54
Massachusetts.		
Berkshire county	5.03	5.03
Boston	5.09	5.07

New York Loans.

From Jan. 1 to Dec. 31, 1904, \$174,915,015  
From Jan. 1 to June 30, 1905, 459,896,187  
From July 1 to Dec. 31, 1905, 101,159,658

It will be observed that the rate of interest did not rise in New York by quite a full half per cent. This was because the interest rate in New York, prior to the 1905 law, was somewhat increased by the liability of mortgages to taxation as personal property. The falling off of the amount of money loaned was very great in the county of New York.

In 1906 the law was so amended as to provide for one single tax at that time of record, imposed on all mortgages recorded on and after July 1, 1906. All mortgages made on and after that date have been liable to a single recording tax of one-half of one per cent, and are thereafter exempt from all other taxation. The effect of this change in the law immediately appeared both in the decline in the rate of interest and in the increase in the amount of money loaned. I present the figures for the first six months of the operation of the new law in New York county and the figures for 1905 for comparison:

Money Rate		
Loaned of Int.		
July 1 to Dec. 31, 1905	\$197,189,558	5.54
July 1 to Dec. 31, 1906	\$227,559,468	5.18

During the last six months of 1906 a mortgage for \$100,000,000 at 4 1/2 per cent was recorded, but this is not included in the above amount nor in the computation of the rate of interest.

All these statistics were made up in the following way: The total amount of mortgages recorded at each rate of interest was separately stated and the interest computed at that rate. The total interest charge on all the mortgages was computed, and then divided by the amount of money loaned. These statistics abundantly prove that every obstacle placed between the borrower and lender of money, and any burden placed upon the transaction must fall ultimately upon the borrower of money.

The old law in the state of New York was most unjust to those dependent upon estates in trust, because trustees were limited in their investments to mortgages on real estate, and nominally all such estates were fully assessed and taxed. It was common for one-half of the value of trust estates to be confiscated by taxation. The annual mortgage tax law of 1905 relieved lenders of this fearful burden, but it imposed a certain charge of one-half of one per cent on borrowers, in addition to the economic rate of interest. While the present recording law is not theoretically just, because it imposes some additional burden on those who borrow, it is infinitely to be preferred to the greater burden of the annual tax, or to the burden on borrowers imposed by the liability of mortgages to taxation as personal property, and the awful burden to such lenders, chiefly widows and orphans, who were caught with mortgages in their possession, and suffered the confiscation of a large share of their income.

The revenue from the recording tax during the first six months amounted to \$2,325,817.

LAWSON PURDY, President, Department Taxes and Assessments, City of New York.

Notice.—Ohio readers of the above article will find in it a practical and sensible recommendation for why New York should amend the Ohio constitution to an amendment to the Ohio constitution that will make it possible for the people of Ohio, especially borrowers of money, to enjoy the advantages New York is obtaining from its mortgage recording tax law.

### WOOSTER MURDER CASE

Wooster, O., April 24.—The defense in the trial of Allen Miller, accused of the murder of Thomas Dye, 15, will be that Harry White, who was tried and acquitted of complicity in the crime, fired the fatal shot. Miller will take the stand in his own defense.

William Everheart, the third of the trio under indictment is anxious to testify for Miller. Harry White testified for the state last Tuesday. He said Miller fired at the boy because he came along while the trio were attempting to hold up some Italians in a box car and ran when he was told to halt.

This morning many citizens of Alliance testified to the good reputation of Miller. Miller then took the stand and swore that White, not he, had fired the fatal shot.

Lawton, Okla., April 24.—The general court martial of Corporal Knowies, a discharged negro of the Twenty-fifth infantry, charged with an attempt to assassinate Captain Macdonald at Fort Reno on the night of Dec. 21 last, has been postponed again. Major Taylor, commanding Fort Sill, announced that Knowies' trial will not begin before May 1.

## MISS LAURA BUCKLEY.

This pleasing young lady has been entertaining the Orphium patrons this week with some very clever impersonations. Miss Buckley is a native of Coshocton, but has been on the vaudeville circuit for some time, and is making a great hit in her own peculiar line. She will probably visit with her family and friends in Coshocton over Sunday.

### PLEASANT ENTERTAINMENT.

On Saturday afternoon, April 20th, Miss Thelma Frankenberg very pleasantly entertained about twenty-five little school friends at her home in Wilson street, it being the occasion of her ninth birthday anniversary. The afternoon was spent in music and various games. Miss Thelma received many beautiful and useful presents.

At 4:30 dining refreshments were served the following guests: Misses Edna Margaret and Hilda Bright, Margaret and Mary Heckman, Laura and Ethel Walton, Helen and Mae Avery, Hilda and Esther Solinger, Ethel and Mabel Hall, Ada Sexton, Marie Williams, Mary Rosel, Frances Brown, Gladys Coffman, Stella Davis, Nina Shaw, Nettie Burnside, Eamaria Williams, Edith Jenkins, Annel Hagney, Martha Armstrong, Hazel King and Thelma Frankenberg. At a late hour all returned to their homes, wishing Thelma many more such happy birthdays.

it strengthens and vitalizes

With old age comes feebleness and loss of power; the organs act more slowly and less effectually; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol contains all the medicinal elements of cod liver oil in a concentrated form, taken from fresh cods' livers, the useless oil eliminated and tonic iron added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit. Frank D. Hall, Druggist.

**OF A PHILADELPHIA MAN**

**Had Acted Strangely on a Train and Hanged Himself With Trousers Belt at Police Headquarters in Columbus.**

**Injunction Granted at Cleveland Against Mayor Johnson**

**---Delinquent Corporations---Buckeye**

**News Briefly Paraphrased.**

Columbus, O., April 24.—A man supposed to be Frank Thompson, 41, a civil engineer of Philadelphia, committed suicide in a cell at police headquarters, where he had been removed from a Pennsylvania railway train, on which he was traveling from Chicago to Philadelphia. He is said to have been acting peculiarly on the train. At the station he was slated "safe keeping." Within a short time he was found dead, having hanged himself with a trousers belt.

From letters and papers found on his person it is learned that Thompson was division superintendent of the United States geological survey, stationed at Granite Rees camp, Arizona. His wife resides in Philadelphia.

Thompson suddenly went insane on the train soon after leaving Logansport, Ind. The conductor and other members of the crew attempted to subdue him, but a fierce fight followed, windows being kicked out and passengers on the train, including women and children, being terrorized. The insane man attempted to jump from the train through the windows and out of the doors to certain death, but was prevented. The fight continued until the train reached Columbus.

**Mayor Johnson Restrained.**

Cleveland, O., April 24.—The first chapter in the revival of Cleveland's street railway fight came when a temporary injunction was granted by Judge Ford against Mayor Johnson and the Forest City Railway company, on application of the Cleveland Electric Railway company. The injunction prohibits the Forest City Railway company from operating on Central and Quincy avenues, where the Cleveland Electric Railway company's franchise has expired. The application for the injunction was based on the alleged financial interest of Mayor Johnson in the Forest City railway, and the city of Cleveland, Tom L. Johnson as mayor, Tom L. Johnson personally, A. B. Green, the Forest City Railway company and the Municipal Traction company were named as defendants.

**To File Exceptions In Johnson Case.**

Columbus, O., April 24.—The supreme court allowed the motion of Prosecutor Webber of Franklin county to file a bill of exceptions in the case of the state against John W. Johnson, state supervisor of printing. Johnson was indicted on the charge of having attempted to influence the circuit court in deciding the ouster suit brought against Johnson by Mark Slater, his predecessor in office, by writing a letter to the court assailing Slater. Judge Evans dismissed the indictment, holding that the writing of such a letter was not an offense under the Ohio law. Johnson denied authorship of the letter.

**Corporations Delinquent.**

Columbus, O., April 24.—It was announced that as a result of an investigation pursued by the attorney general eight large foreign corporations have been required to pay \$27,000 delinquent fees under the Willis law. It is alleged that these corporations in their reports have underestimated the value of their property in Ohio. It is said there are 559 new corporations delinquent in their fees, due in most cases to ignorance of the law on the part of managing officers of the corporations. Of these delinquents 162 are in Cleveland, 45 in Cincinnati, 44 in Columbus and 43 in Toledo.

**Oil Men Leasing Land.**

Lancaster, O., April 24.—The Rushville Oil company drilled in an oil well east of this city a few weeks ago and at the time it showed signs of a good producer. The well was plugged and pumping machinery sent for. Tuesday the well was opened to attach the machinery and as the plug was loosened it blew into the air and a stream of oil came out. Before the well could be controlled hundreds of dollars' worth of the precious fluid was wasted. Oil men are leasing land and paying big sums for it. Already several derricks are in course of construction.

**Conflagration at Springfield.**

Springfield, O., April 24.—The Indianapolis Frog and Switch company, a large manufacturing concern owned by Vice President Fairbanks and operated by his brother, N. H. Fairbanks, and his brother-in-law, M. L. Milligan, was totally destroyed by fire. The building covered three acres. N. H. Fairbanks said the loss would reach \$350,000. He could not state what insurance was carried. The fire was discovered by the night watchman, but not until it was too late to make

an effective fight against it. The origin of the fire has not been learned.

**Wife Assists In Holdup.**

Cleveland, O., April 24.—A young man and a girl, probably his wife, having with them a baby, made a desperate attempt to rifle the safe in Lustig's drugstore. It was not the girl's fault that the plot failed, for when A. B. Errett, clerk, heard the click of the safe as it was closed and rushed back to grapple the man in a hand-to-hand battle she fought him as best she could. The two, carrying the baby, then escaped. The man had already looted the safe when Errett heard the suspicious click at the safe door. In the fight that followed Errett got all the money back, amounting to \$30 in bills and change.

**Prey of Flames.**

Cincinnati, O., April 24.—The car barns of the Cincinnati, Georgetown & Portsmouth railroad, in Dumont street, were destroyed by fire. The loss is estimated at \$80,000, fully covered by insurance.

**Took Carbolic Acid.**

Toledo, O., April 24.—John C. Henning, a retired Toledo capitalist, committed suicide by taking carbolic acid. Ill health and worry over the welfare of his wife, who is at the hospital, are blamed.

**Cornelius Must Die.**

Columbus, O., April 24.—The supreme court refused to allow a bill of exceptions to be filed in the case of James Cornelius, who is under sentence of death for murdering his wife at Canton. This means that he will have to go to the chair Friday morning, unless the governor sees fit to interfere.

**Fees of Mayors and Police Chiefs.**

Columbus, O., April 24.—Chiefs of police and mayors of cities in which there is no police court are entitled to fees in state cases. This is the decision of the state supreme court in the case wherein the city of Portsmouth was plaintiff in error and Creed Miltstead and James A. Backus defendants in error. These decisions settle permanently, under the existing statutes, the questions raised after the enactment of the new municipal code.

**Shot In the Head.**

Youngstown, O., April 24.—Denny Tan, a negro, bought a drink for Tom Whitehead in a saloon after William Price had refused to do so. Price had money and all were drinking together. "Why, Denny is a better man than you are, although he is a nigger," Whitehead is said to have declared. Price pulled a revolver from his pocket and fired at Whitehead. The bullet struck him in the head and he died on the way to the hospital.

**Passengers Rescued.**

Marietta, O., April 24.—A severe rainstorm passed over this city. The ferryboat at New Matamoras, Washington county, was caught in the gale and capsized and sunk. Eight persons aboard were saved by lifesavers which were on the boat. The craft is a small gasoline affair between New Matamoras and Friendly, W. Va. All wires are down in the vicinity of the storm and meager reports tell of heavy damage.

**Man Missing.**

Batavia, O., April 24.—Clarence Meeker, the township school superintendent indicted for alleged assault on one of his 14-year-old girl pupils, has left, without a trace of his whereabouts. When the hearing of his trial was resumed Meeker failed to appear in court, and a search was instituted without avail. Investigation also shows that his bond is defective and can not be realized.

**Sale of Toledo Terminal.**

Toledo, O., April 24.—The federal court has fixed May 28 as the date of the sale of the Toledo railway and terminal. The sale will be conducted by Harry E. King as special master. The fixing of the date for the last of May gives the Morgan interests about five weeks in which to arrange a deal for a private sale, providing a purchaser can be found.

## MERCHANTS OFFER PRIZES FOR HITS FOR EXTRA BASES

The Newark ball players who prove themselves to be stars this season, will be dressed in the noblest styles possible. Newark merchants have come out with offers of prizes for home runs, three base hits, good batting averages, etc. Henry Beckman, as announced elsewhere, will give a \$5 pair of Oxfords for the first home run by a Newark player on the home grounds in a regularly scheduled game.

George Hermann the clothier, offers a 50 cent necktie for each three base hit during the month of May. Rutledge Bros. will give a \$5 Panama hat to the player standing highest in batting at the end of the month, the matter to be left to the scorers to decide. Fred King, of the King company, has offered a Dunlap hat for the first home run and a pair of \$6 Stetson shoes for the second home run. With these prizes before them, the Newark players should bat like fiends.

## Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nervine cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, or walk or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nervine was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

MRS. HOWARD FORD,  
69 Summit Ave., Worcester, Mass.  
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

From Chicago Tribune (By George Edmund Flood, M.D.)

We are in danger of becoming a nation of invalids because of the rapid increase in the number of persons afflicted with Rheumatism, Kidney, Bladder or Urinary Trouble in some form. "How to prevent and cure these afflictions, which have become almost epidemic in America," is the question I have been asked and will answer briefly.

It is an established fact that Rheumatism is due to Kidney Trouble. With the kidneys properly performing their functions there would be no Rheumatism. Therefore, let us get at the root of the trouble and remove it.

In the first place, Americans as a rule eat too much—if not too much, too rapidly. Many of us not only eat too much and too rapidly, but we eat too great a variety of foods, which are not only hard to digest but almost worthless so far as nutrition is concerned. Then we drink too much of every liquid except water, and too little of good, pure water. What happens? The kidneys become clogged up despite their desperate efforts to carry out of the system the vast amount of useless waste which we take in. The result: This waste and poisonous material remains in the system, is carried through it by the blood, and makes the most fertile soil in which the germs of Rheumatism are deposited and mature.

The situation is a serious one, yet the remedy is simple. If you would avoid Rheumatism and Kidney and Bladder Troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and drink plenty of water—lots of water—and often. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

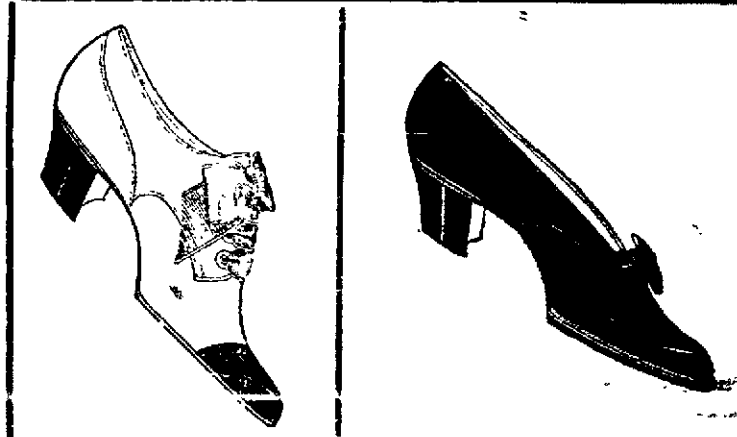

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advised them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble, and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of these diseases. It is the most certain cure for these diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cascara Aromatic, 12 ounces; Concentrated Barkola Compound, 1 ounce; Fluid Extract Prickly Ash Bark, 1-2 drachm; Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advice I have given you in regard to diet, exercise and water, and you need not the services of a physician again for these ailments.

The fellow who is pushed for money is seldom pushed to the front.

MANAGER HOGAN.

Foxy Zanesville manager who has been getting some good players from the Central league. His latest acquisition is Pitcher Hammond from Springfield.

# SNODGRASS GOES TO EAU CLAIRE FOR THE SEASON

SPRINGFIELD RELEASED FORMER NEWARK MANAGER SATURDAY.

Zanesville Gets Several Central League Players For Her P. O. M. League.

Changes have been numerous in ball circles recently. Manager Hendricks at Springfield has released Walter Snodgrass, the former Newark player and he claims to have had an offer from several O. P. teams. However, a Springfield report says that Snodgrass will go to Eau Claire, Wis., to play for the season.

Outfielder Bill Thomas, who has been with the Reds since they opened their training season, has been turned back to Youngstown. Pitcher Glassburner of the Sharon team has been sold to Charleroi of the P. O. M. league.

Zanesville gets Pitcher Hammond from Springfield. He was one of the best in the Central league last season but a little difference with Manager Hendricks is said to have caused him to let down and not deliver the goods.

Outfielder Dennis has also been secured by Hogan from Wheeling for his Zanesville P. O. M. league team.

# COSHOCTON GAMES WILL BE PLAYED

THE FAILURE OF THE E. O. LEAGUE HAS NOTHING TO DO WITH THIS GAME.

Strong Team Will Face Newark at Coshocton Saturday and Here Sunday Afternoon.

Newark fans need not fear that the game next Sunday with Coshocton will not be played. In spite of the fact that the Eastern Ohio league is busted, the Coshocton team will play against Newark. The team which has been made up for these two games was not the Eastern Ohio league team, though owners of the E. O. club were paying the salaries. It is a stronger team than will be found in the E. O. organization. Word received from Coshocton today says the game will positively be played next Saturday and the team will come here the next day.

## IN COLD CLIMATE.

A Newark man who played in the Northwestern baseball league was commenting on the deal whereby Walter Snodgrass goes to Eau Claire, Wis., for the season. "Snodgrass will never be able to make the season in that country. The weather is too cold. His arm will not stand the weather."

## PRIZE FOR HOME RUN.

Manager Beckman of the Sample Shoe Store, has announced that he will give a pair of \$5 Oxfords to the player on the Newark team who knocks a home run on the home grounds in a regularly scheduled game. This is something for the players to work for and it is predicted that it will not be long before that pair of Oxfords is gobbled up.

BILLY THOMAS.

Youngstown outfielder drafted by Cincinnati and turned back to the Champs after a two months trial. Thomas will be a tower of strength to the Champ team.

PITCHER FARRELL.

One of the promising recruits being tried out by Manager Wright at Youngstown. He may get a berth with the team.

# DR. SHIRER MADE CLUB PHYSICIAN FOR BALL TEAM

DIRECTORS NAME MAN WHO IS TO TAKE CHARGE OF THE PLAYERS' ILLS.

Season and Souvenir Tickets Will Be Offered for Sale Within a Few Days from Date.

At a meeting of the directors of the baseball company Monday night, Dr. Shirer was elected club physician for the season. He will have full charge of all the players who are reported ill and will look after their injuries.

The business manager and secretary were instructed to order 200 souvenir tickets which will be offered for sale for the opening game. The tickets will be good for admission at the opening game one week from tomorrow and the following Sunday game. They will be sold for \$1.

Everything is in readiness for the game Thursday with Denison University. Denison will come prepared to give the local team a stiff defense and while they do not hope to defeat Newark by a large score they will try hard to apply the cleaner.

Season tickets have been placed on sale but as yet there have been but few sold. The local fans should get in and take these tickets at the price they are offered, \$15 for the season, a saving \$2.50 by buying for the series of seventy games.

In New Castle and other cities several hundred season tickets are sold each year, the fans taking this opportunity to lend their support to the team. There are several hundred business men in the city who have been solicited to buy stock who did not feel like putting up \$25 for a quarter share. This is an opportunity to donate \$15 and get seventy tickets good for ball games in return.

## CITY LEAGUE UNIFORMS.

Manager Walter Seward, of the F. J. Pratt & Co. team, received word this morning that the uniforms for his team would arrive about the 25th of this month. The order was placed some time ago.

# BOWLERS WILL BANQUET TONIGHT

Big Time Scheduled to Be Pulled Off at Music Hall Opera House Tonight.

The big City Bowling league banquet will be held tonight in the Music Hall opera house (up stairs) at eight o'clock. Every eligible member of the City league is invited and urged to be present. A grand spread has been arranged and this will be one of the most enjoyable affairs ever given in the city.

## MATCH GAME TEN PINS.

A match game of ten pins was rolled on the Music Hall alleys this morning, between two teams of the B. & O. night men. Mitchell's team lost by 99 pins. Collins rolled high score. The game was colse and exciting. Tomlinson's team challenges the Mitchell team for a return game to be rolled soon.

Twain Sullivan Won. Los Angeles, Cal. April 24.—Mike "Twain" Sullivan got the decision in the twentieth round over Melody.

# NEWARK MACCABEES GO TO COSHOCTON

Representatives of nearly every one of the twenty hives of the Lady Maccabees in the Zanesville district were in Coshocton on Tuesday.

Four delegates to the state convention were elected, Mrs. Elmer Moore of Newark, Mrs. Carrie Miller of Zanesville, Mrs. Alice Wilson of Bell-air, and Miss Hattie Shram, Bridgeport.

# A Pointer In Stocks.

[Original.] Benedict Lamont was a New York stock operator. He didn't buy or sell stocks for the reasons people usually buy and sell. He bought and sold them because he was in with those who put them up and put them down. Mrs. Lamont was some fifteen years younger than her husband, very pretty and fond of admiration. She was also fond of the stock market and would occasionally have taken a dier herself had her husband permitted her. He did not even inform her how he operated. Not having confidence either in her ability to keep a secret or to make money in stocks, he gave her no satisfaction whatever. This and the fact that she was by nature a bit of a gambler greatly irritated her. Then, when on one occasion the clique with whom her husband operated was outgeneraled by another clique, to the disadvantage of the former, and Lamont especially, the wife made up her mind that she knew quite as much about stockjobbing as he did.

About this time came Lansing Van Brunt, a member of the old Knickerbocker society, into which Mrs. Lamont was desirous of gaining a foothold. He, being desirous of gaining a foothold in Mrs. Lamont's affections, humored her views on all subjects and, perceiving a point in which he might drive a wedge between her and her husband, was not slow to take advantage of it. He told her that the only way for any person not a manager of the companies whose stock was operated in was by a pointer, usually called a tip. One day he announced to her that he had received a tip on D. Y. and Q. common stock which was perfectly reliable and advised her if she felt inclined to speculate to buy some of it. Her husband had recently given her \$1,000 for the purchase of a diamond brooch she desired to possess, and after hesitating some time between the brooch and her wish to show him that she knew a thing or two she yielded to Van Brunt's representations and put her money in 100 shares of D. Y. and Q. Van Brunt really believed in the reliability of his information and considered the lady's chance of at least doubling her money almost certain.

Lamont was aware of Van Brunt's attentions to his wife; but, being a man accustomed to work behind a screen, he made no comment, leaving his wife free to act for herself without admonitions from him. Van Brunt knew very well that Lamont was an operator whose slightest word in reference to the market would be considered of great value. One day on entering Lamont's private room at home he saw lying on a desk a paper. He did not scruple to read it and found it an order to Lamont's managing broker to send out orders to buy various large amounts of D. Y. and Q. common stock. The envelope, addressed, was lying beside the order, the writer having evidently forgotten to take them with him when he went out. Van Brunt left the room just as Lamont returned. The latter took up the order and envelope, went out and downtown. This was the source of Van Brunt's information, though he did not reveal it to Mrs. Lamont.

D. Y. and Q. common stock rose a few points, and Van Brunt said to Mrs. Lamont, "I told you so." Then it sank a point, and he said, "Wait." He was laughing in his sleeve that the husband should have given him the wedge between himself and his wife. Then the stock began to sink gradually, recovering, fluttering like a bird undecided whether to fly to a higher or a lower limb. Then there came a slump in the market, and Mrs. Lamont's investment was wiped out.

If the lady had been in love with Van Brunt, possibly the incident might not have turned her against him. Women unless they love are not prone to amiability toward persons through whose instrumentality they make losses. Mrs. Lamont had lost her brooch, and she held Mr. Van Brunt accountable. Had he been rich he might have made it good to her, but he was simply a society man, not a millionaire. Besides, he had lost heavily by his pointer himself. At any rate, the lady dismissed him from the position of her cavalier, and he was obliged to seek other fields for conquest.

"What's become of Van Brunt?" asked Lamont one evening. "I haven't seen him around here for a week."

Now, Mrs. Lamont had made a vow that she would never reveal the secret of her loss to her husband, but curiosity had come in to render the keeping of it very hard on her. She had expected her husband would have been much depressed on account of his losses in D. Y. and Q. stock. On the contrary, he was chipper.

"Perhaps," said the wife for a feeler, "he thinks you have made losses in stocks lately and doesn't feel like seeing any one."

"I lost in stocks? How did he get that idea? I've just made a pile of money. By the bye, my dear, have you bought your brooch?"

Mrs. Lamont struggled for a time against tears, but they overcame her. Her husband took her in his arms.

"Never mind, sweetheart. I suspected Van Brunt was advising you and left an order on my desk for him to see. He was not too honorable to read and act on it, and I take it for granted that you have lost your thousand dollars. I had sold out all or nearly all the stock referred to at a great profit. Since I sold a part of what was left to you and Van Brunt I'll make your loss good. He can get his loss back on another tip."

Mrs. Lamont got her brooch and left speculation to her husband.

# INHERITED BLOOD TROUBLES

A THOROUGH CLEANSING OF THE BLOOD THE ONLY CURE.

Pure, rich blood, free from all inherited taints or disease, contains everything necessary for the proper growth and development of the body, and for nourishing and sustaining the system with healthy vigor and strength to keep it free from disorder and disease.

"The blood is the life," and no richer heritage can be handed down to posterity than a pure blood supply. As good blood is a blessing, so in like proportion is impure or diseased blood a handicap and a misfortune, for not only is life's struggle harder, but existence becomes a burden when some inherited blood taint is continually cropping out.

Through the blood disease germs are carried from one generation to another, parents transmit them to their children, and so it goes on down the family line, spreading disease and suffering until the taint is removed from the blood. Scrofulous affections are the most usual form in which inherited blood troubles are manifested. The blood, being tainted with scrofulous and tuberculous matter, cannot supply the needed nourishment and strength to the body, and we see the effects shown in various ways. Such persons are usually pale and anaemic, their bodies frail and frequently not fully developed, and they are often afflicted with skin diseases, weak eyes, catarrhal affections, sores and ulcers, etc., and where the blood is especially vitiated the bones are affected and white swelling or hip disease makes life a lingering misery.

"Like begets like" is just as true of the physical kingdom as it is of the vegetable world, and so sure as any blood disease exists with the parent, it will be handed down to the child. This is as true of Catarrh, Rheumatism and other blood disorders as it is of Scrofula. What is commonly known as "growing pains" with children is usually the inherited taint of Rheumatism, and the little innocents are allowed to suffer because the parents do not realize that the seeds of this powerful disease are being manifested in childhood, and will in later life become a serious and dangerous trouble.

Inherited blood troubles do not always manifest themselves in childhood because of the care and attention with which the little ones are guarded in the interest of health; but when middle life is reached or passed, and the machinery of life has begun to wear out, the trouble can no longer be held in check, and declining years are made miserable because of disease.

There is but one cure for inherited blood troubles, and that is a thorough cleansing of the blood, and no medicine equals S. S. S. for this purpose. It goes down to the very root of the trouble and removes every trace of impurity or pollution, and cures blood diseases of every character. S. S. S. not only cleanses and purifies the blood, but supplies it with the rich, healthful properties it needs, and by its fine tonic effects builds up the entire system. S. S. S. is the only blood medicine on the market that does not contain a mineral ingredient in some form. It is made entirely of healing, cleansing roots, herbs and barks, and is the one medicine that can be given to children or persons of any age with absolute safety.

# S.S.S. PURELY VEGETABLE

Those who have inherited blood taints can rely on S. S. S. as a cure, and so thoroughly does it remove the cause that no signs are ever seen of it in later life. Whether your inherited trouble be Scrofulous, Rheumatic, Catarrhal or some other form of disease S. S. S. is the right remedy because it is a perfect blood purifier and tonic. Book on the blood and any medical advice desired furnished free to all who write.

## DR. H. D. RANK WEDS MISS MAE B. SMITH

Dr. Harrison D. Rank, of the Sherwood, and Miss Mae Belle Smith, the daughter of Photographer and Mrs. Walter A. Smith, of 19 1-2 North Third street, were quietly married at the home of the bride's parents Wednesday morning at 8:30. The service was performed in the presence of only a few friends and relatives of the popular couple. The Rev. T. A. Cosgrove officiated.

Immediately after the ceremony Dr. and Mrs. Rank left the city for a ten days' trip after which they will be at home at the Sherwood.

Dr. Rank is one of the city's most popular and successful young physicians, and Miss Smith is an accomplished young woman, having a host of friends in the city. Their many friends who were so surprised by them, will join in extending congratulations.

Dr. H. D. Rank is a brother of Dr. Willard Rank, also a prominent physician here.

## A PRETTY WEDDING AT GRANVILLE

WHEN MISS HUMPHREY BECAME THE BRIDE OF ALONZO F. NICHOLS.

Ceremony Was Performed in the Presence of About 70 Guests Tuesday Evening.

Granville, O., April 24.—One of the most beautiful and charming home weddings that has taken place here for a long time was that which took place at the home of Miss Kate Humphrey on Elm street, on Tuesday evening at 5 o'clock, when her niece, Miss Ella Amelia Humphrey and Mr. Alonzo Ferris Nichol were married in the presence of about seventy invited guests, by the Rev. J. L. Wylie. The bride looked lovely in a gown of white soft silk and carrying a bouquet of bridal roses. The bridesmaid, Miss Emily Humphrey, a sister of the bride, was also dressed in white and carried a bouquet of roses. The flower girls were Juanita Jones and Ethel Jones, while the ribbon bearers were Arthur Jones and Fred Sheldon.

The groom and best man, Mr. Arthur Lynch, met the bride and bridesmaid in the parlor, where Rev. Mr. Wylie, in his own impressive way, performed the ceremony which united the happy couple for life.

At the conclusion of the ceremony and after congratulations had been showered on the newly wedded ones, an elegant six o'clock dinner, prepared by Mrs. W. A. Mitchell was served.

The house decorations were green and pink with smilax and carnations. The bride and groom were the recipients of many beautiful and valuable presents, chiefly of silver, cut glass and china, among which was a set of beautiful dessert spoons from the Travellers' club.

The bride is a niece of Miss Kate Humphrey, and is one of the most charming and popular young women of Granville. The groom is a son of S. H. Nichol, and is located at Wilmington, N. C.

The happy couple left Tuesday evening for a trip to Washington, D. C., after which they will go to Wilmington, N. C., where they will be at home to their friends at 114 South Third street. They have the best wishes of all their friends.

**GANVILLE NOTES.**  
On Sunday morning at 10 o'clock the annual "Thank Offering of the Woman's Foreign Missionary society" of the M. E. church will be observed. Miss Leonora Seeds, who for fifteen years was a missionary in Japan, will be present and will talk on the work and its needs.

Mrs. William Reece, residing several miles north of town, had a narrow escape from being seriously injured Tuesday. She was driving a spirited horse attached to a buggy, when suddenly the fifth wheel of the vehicle broke, allowing the bed to drop to the ground. Mrs. Reece pluckily held on to the lines and was pulled over the dashboard. She escaped with a few bruises.

**MISSIONARY CONVENTION.**  
Hebron, O., April 24.—There will be a missionary convention at the M. E. church Friday evening, April 26, at 7:30. Addresses by Rev. Dr. Fitzwater of Delaware, O., and Rev. Dr. McElfresh of Zanesville, O. All are invited.

## THREE MORE YOUNG LADIES ENTER JAMESTOWN CONTEST

There is Room for Others in all of the Districts--Now is the Time--Vote Announced April 27--Coupon No. 1 Expires April 26.

Three new contestants are announced today, one being Miss Hannah Beaver in District No. 10, another Miss Susie G. Davis, who is in District No. 8. Both come highly recommended by leading residents of their respective districts, Miss Beaver's address being R. F. D. No. 3, Pataskala, Ohio, and Miss Davis, Atherton (Jacksonstown), Ohio.

Miss Martha McMullen is a new contestant in District No. 8 today. Miss McMullen is the daughter of Mr. Archibald McMullen living near Central City, a short distance west of Newark. Miss McMullen is a popular young lady in the Newark High school.

Many of the young women are under the impression that it is too late to enter the contest but in this they are sadly mistaken. The voting has only commenced, and any young lady who enters now has just as good a chance of winning as have those who are already announced. A

good way to prove this assertion is for the young lady who is thinking about the matter to call upon a few of her friends and ask for their help. In certain instances the help may have been promised another contestant, but nine out of ten will be found ready and glad to be of assistance.

Several young ladies in different districts in the city are still considering the matter of entering the contest, but it will be to their advantage for them or their friends to announce their names right away.

Time and again have friends of the Advocate spoken of the exceedingly high character of all of the young lady contestants. They all deserve support and it will be freely accorded them.

The first vote will be published April 27. Coupon No. 1 expires April 26. It must be voted on or before that date to count.

Remember one young lady will be sent from each of the 10 districts on a great trip to the Eastern cities and a week at the Exposition. The one getting the highest vote names the chaperon and gets an extra trip to New York. The Advocate defrays the expense. Now is the time to enter the contest--the sooner the better.

## A Simple Romance.

[Original]  
"Mary, I'm sorry—very sorry—to hear of your bereavement."  
"Yes, m'm; the poor man's gone."  
"I suppose you will wear mourning?"

"Yes, m'm; black as a crow."  
"I have some mourning dresses. I'll give you what you require."

"Thank y', m'm."  
"You were very happy together, I believe, though you have lately been doing all the work."

"Yes, m'm. 'Twas a good man m'm. There was—I don't know what y' call it, m'm—a somethin' or other in the courtin'."

"A romance?"  
"Yes, m'm; that's it. I know Tum-mus—that's my man's name, or was his name before he didn't need a name at all—was a soldier. He went off to the war with the dagos in 'Cuby' an' distinguished himself there."

"Did he get promoted?"  
"Yes, m'm. He was made a corporal after the battle of Gussymuss an' a sergeant at San Joen hills. Y' see, the dugos was at the top drin' cannon balls. One of 'em kem along an' took off Tum-mus' right leg. He stood still!"

"Wounded as he was—stood?"  
"That's just the secret, m'm. All the rest of his regiment run away, but Tum-mus, havin' but the wan leg, couldn't run, so he stayed where he was. That's what he told me, but he didn't tell it to the officers, an' they, thinkin' he stayed because he was brave, made a sergeant of 'im. But it didn't do 'im no good, for he was discharged from the service an' sent home. But that wasn't all of it. After the war they sent 'im a medal, a big round wan wid pictures on the both sides of it. It was made out of a cannon."

"And you nursed him? That's the romance?"  
"No, ma'am; not exactly, ma'am. Oi didn't see 'em for the matter or five years after that. Oi was workin' in a boardin' house for sailors an' 'talm kind down by the wharfs. One mornin' whin Oi was doin' the rooms Oi went into wan room where Oi seen somethin' stickin' out of the bedclothes. At first Oi thought it was the handle of a warm'n pan, but Oi recommendered that they don't use warm'n pans no more, at least in this country. Thin Oi thought it might be the handle o' wan o' them things the min workin' on the street pound the dirt with. We had street workers in the house, an' Oi thought one ov 'em might have taken his pounder to bed with 'im. Annyway Oi knew it was somethin' that 'ud be soilin' the bedclothes, an' Oi was very mad, thinkin' Oi'd have the trouble o' goin' for clean sheets. So I took hold ov it an' give it a jerk wid all me stren'th."

"It come out aisy enough, an' at 'tother ind there wasn't a bit o' iron at all, but somethin' round. If you turned the whole ov it upside down it would 'n' made a good stick for wan o' the big altar candles if you wanted to put the other ind o' the stick in the ground, for there wasn't anny bottom for it to stand on. Oi was lookin' at the thing, wonderin' what it was, whin Oi saw the bedclothes movin', an' purty soon up by the pillars a man's face was a-blinkin' at me as had just woke up. Oi dropped the wooden thing on the floor an' was goin' out as fast as I could whin a voice called:

"'Me leg! Don't go 'way widout givin' me me leg!"

"'What d'y' mane?' Oi axed.

"He pointed to the wooden thing on the floor.

"'D'y' call that a leg?' I axed 'im.

"'It's all I've got exceptin' the other wan of flesh an' blood an' bone."

"'And that thing was stickin' out from under the bedclothes is your leg?"

"'It's wan of 'em."

"'An' didn't it git cold?"

"'Divil a bit. It'll stand a lot o' cold, but it won't stand anny heat."

"'Why not?"

"'It'll burn."

"'Thin I took notice that he was white lookin', an' I axed 'im if Oi'd hurted 'em."

"'Shure," he said. 'D'y' suppose y' kin pull a man's leg off widout hurtin' 'im?"

"'Isn't it wood?' I axed.

"'Yes, but the stump isn't."

"'Well, Oi felt so sorry for hurtin' the poor man that Oi told 'im to lie still, an' after handin' 'im his leg Oi went down stairs an' brought 'im up his breakfast, him lyin' propped up wid pillars that Oi put under his head an' lookin' at me grateful like. Thin Oi noticed his medal on the bureau an' saw what fume eyes he had an' bid as red as the shurples in the flag he got the medal under, an' I wished I could nurse the poor man as long as he lived."

"'And you did, didn't you?"

"'Yes, m'm. He couldn't work, so Oi just told 'im Oi'd do it all for the two of us. But he didn't consent to that. He got a job mindin' the street at the railroad crossin', an' I tuk in washin', so betune the two of us we made a livin'."

"'You've told me a real romance, Mary; not such a one as I read in books, but a nugget of gold without a bit of alloy. Come to me tomorrow and you shall have clothing enough to keep you a year. There is something for your present necessities."

"'Thank y', m'm. There's wan thing Oi've always wondered at—was Tum-lyin' whin he said the reason he didn't run was because he couldn't?"

"'No; he was modest as well as brave."

## Bad Baking Powder EXPOSED By This "Cooking Test"

This Shows Why Certain Baking Powders Cause Dyspepsia.

The basis of all baking powders is the same—bicarbonate of soda. Egg Baking Powder, famous for purity and wonderful leavening power, contains pure bicarbonate of soda. But instead of using Cream of Tartar or Alum in making Egg Baking Powder, we use Wheat Phosphates and Egg Albumen.

Here is the "cooking test." Take 2 heaping teaspoons of ordinary baking powder, wherever you are now using, add a couple of teaspoons of water and boil until the water has evaporated. If it contains Cream of Tartar and Tartaric Acid the residue will be Rochelle Salts, a stomach and bowel irritant, having no food value at all. If it contains Alum, the residue will be Glauber's Salts, equally injurious to the stomach and bowels. Now repeat the experiment, using Egg Baking Powder. The residue is

a little Sodium Phosphate and Egg Albumen, both not only harmless but of real food value. This phosphatic material is a most necessary food element—the system demands it.

The residue left in biscuit or pastry by Alum or Cream of Tartar baking powders is indigestible and positively harmful. It sets up constant irritation in one's delicate digestive organs.

If you took it in a large quantity it would be better, for then it would be thrown off. You know an overdose of poison is better than a small dose.

It doesn't pay to trifle with nature. If you take ever so small an amount of poison in the system, you must pay the penalty in injured health.

Use Egg Baking Powder—composed of pure and healthful ingredients—an aid to digestion, not a hindrance. Insist on being supplied with it. There's nothing "just as good."

## LOCAL OPTION IN HOPEWELL TOWNSHIP

Glenford, April 24.—Residents of Hopewell township, Licking county, are in the midst of a local option campaign. The citizens will vote on the liquor question at the township house next Saturday. The "wet" and "dry" elements have been busily engaged in electioneering for their respective sides. The "drys" are banking on a clean victory.

Miss Edna Boring and Miss Minnie Bope of Thornville were guests of Miss Lola King last Friday evening. Mrs. Lafayette Swinehart is on the sick list.

The annual Patrons meeting which was held in the school hall last Friday night was largely attended. Fifty-four pupils took the Boxwell examination at Glenford last Saturday.

Mrs. Rufus Heiser is very ill with pneumonia.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

## JOINT CONFERENCE OF MEN IN TRADES

All the foremen, contractors and labor leaders are invited to a conference to be held at Taylor Hall Y. M. C. A., Tuesday night, April 30th at 8 o'clock. The following interesting program has been arranged:

Mr. George Kirkpatrick, master mechanic B. and O. shops—"Apprenticeship Schools. The Obligation of the Employer and Foremen to Men Under Them."

Mr. J. D. Simkins, Superintendent public schools—"The Place of the Night School in the General Scheme of Education."

Mr. V. E. Thebaud—"Needs of Men in the Trades."

Mr. A. Schiff—"Foreign Born Young Men. Their Needs and Our Obligations."

Mr. George B. Landis, Ohio State Educational Director—"Progress in Evening Schools." (Illustrated.)

The purpose of this conference is to consider the needs of the men in the trades, particularly along the line of educational advantages. The Y. M. C. A.'s of the country are doing a great work in helping to fill up the vacancy in the education of the men in the trades, preparing them to become more efficient workmen, giving a higher idea of citizenship, and helping them to live a clean life.

It can and ought to be done for this class of men in Newark, is the thing to be discussed at this conference.

After the program opportunity will be given for a general discussion of the subject of Industrial Education or other phases of the industrial problem. All men interested in the labor problem are invited to be present.

**OPENING AT BUCKEYE LAKE**

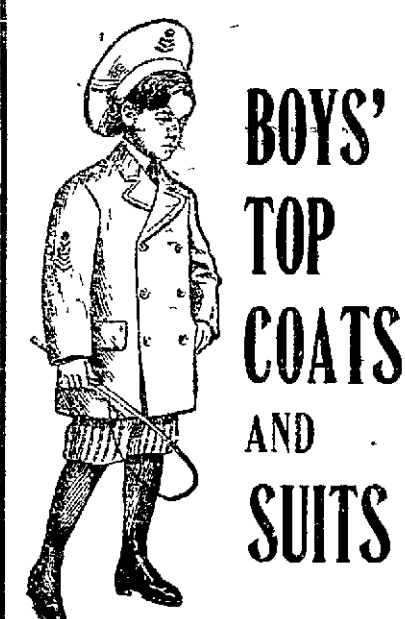

Beautiful Buckeye Lake Park, with its delightful walks and groves, with its vast expanse of water, with its myriad of craft of every description, its mammoth pavilion from which emanates the strains of the orchestra or the crash of the band, Beautiful Buckeye Lake Park will formally open its gates Sunday, April 28th.

Besides its well known boating, fishing, and numerous other amusements, the special feature and attraction for that day will be a balloon ascension and parachute jump by Kenen, one of the most renowned aerial artists of the country. This ascension is booked for 4 p. m., immediately after the open air concert by the famous Marsh Military Band. No expense is being spared to make the opening day, one long to be remembered in the annals of Buckeye Lake.

Cars leave the interurban station every hour.

The Advocate Book Bindery will supply you with blank books for 1907.

Over 1000 people were turned away at the Walnut Street Theatre, Sunday where George Primrose and his great minstrels opened a week's engagement.

## SECOND REUNION OF THE 7TH O. V. I. WAR WITH SPAIN

Meeting Will Be Held in Memorial Hall April 26—A General Invitation.

Friday, April 26, being the ninth anniversary of the departure of Co. G (Newark Guards) of the 17th regiment of infantry (mustered in for service in the 7th O. V. I. in the war with Spain) for that service, it has been decided to celebrate that event by holding a meeting at Memorial Hall on the evening of that date, to start a movement for the second annual reunion of the 7th
